Policy Update

New Incentive System

Dear Bright School Employees,

We are excited to announce that our HR policy regarding incentives has been updated! Our company recognizes the importance of employee engagement, and we strive to offer benefits and incentives that motivate and reward our hardworking staff.

We have made significant changes to our incentive policy, and we want to share the details with you. Here is a summary of the updated policy:

The reward program has been updated for both sales and teaching staff. The details of the policy are available with HR if you will like to know the structure. These rewards will be distributed along with your salary on a monthly basis.

We have created a new section in your dashboard called as "Rewards and Recognition". Under the menu, you can check out the incentives page. You will find information about your current and past incentives. You will also be able to download the report for a detailed breakup of incentives.

We believe that the updated incentive policy will provide our employees with greater motivation to achieve their goals and strive for excellence in their work. We hope that you take advantage of the new incentives and programs and encourage you to share any feedback or suggestions you may have.

If you have any questions or concerns regarding the updated policy, please feel free to reach out to our HR department at hr@brightschoolonline.com.

Thank you for your continued hard work and dedication to our company.

Best regards,
Bright School HR Department
